

# KEY FEATURES IN THE LATEST RELEASE

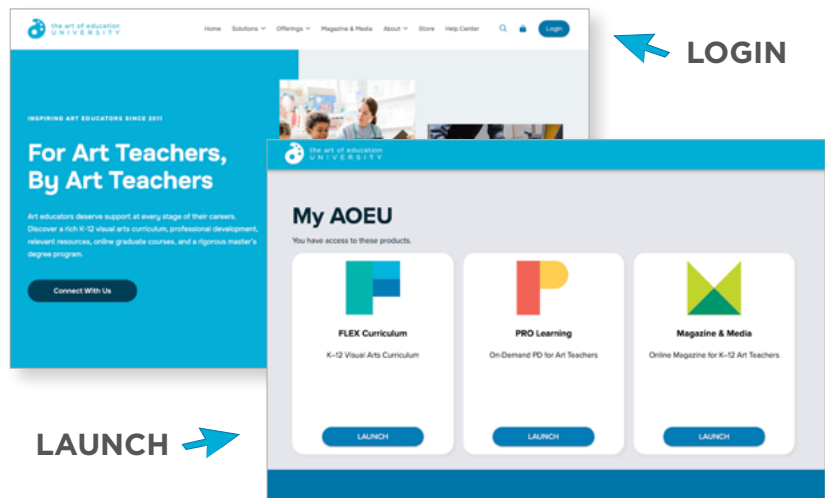

## INTRODUCING

# My AOEU

All your go-to products now live together on the MyAOEU homepage.

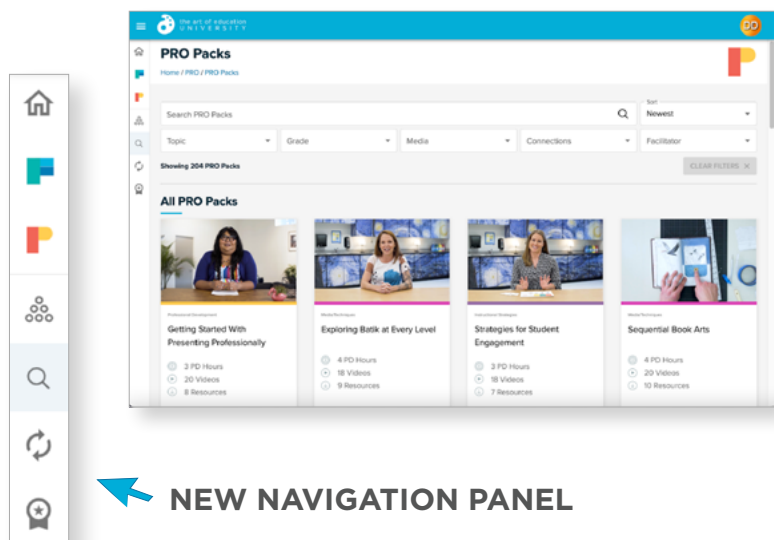

Access PRO and our other offerings by clicking the Login button on our website.

## Faster Load Times + New Navigation

Our website got a speed boost—Packs load faster, so you can filter content and find what you need in less time.

Navigation is now anchored to the left of the screen, making it easier to access on desktop and mobile. Plus, you can switch between PRO and FLEX in a single click.

# Pack Interface + Pin Favorites

Videos have moved to the right side of the screen. The new “Select a PRO Pack” feature allows you to view recent Packs and pin favorites to the top of your list.

# View Certificates Directly in PRO

While you can continue to access certificates for completed PRO Packs in your AOEU profile, you'll also have access directly in PRO Learning.
